JUNIOR PRIMARY DEPARTMENT.

The Principals, recognizing the great advantage to little children of being trained under their supervision for the various classes of the Primary Department, have organized such a preparatory school. It will be put in the bands of a lady of long and successful experience in teaching little children; and though in the same building, will be so far detached that the children need not come in contact with the rest of the school; nor will they be confined more than three and a half or four hours per day. Children thus trained from the beginning in our methods of instruction will have very great advantages—receiving, as they will do, the closest personal attention both from their instructor and from the Principal, and at the same charge that the primary schools make—viz. \$35 per session.

LIVER PILLS.

FOR THE CURE OF

HEPATITI OR LIVER COMPLAINT, DYS-

PEPSIA, AND SICK HEADACHE.

SYMPTOMS OF A DISEASED LIVER.

Pain in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulderblade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having teft undone something which ought to have been done. A sugni, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be remedy. Several of the above symptoms attend the disease, but cases have occurred where a few of them existed, yet examination of the body after death has shown the LIVER to have been extensivety deranged.

DR. C. MCLANE'S LIVER PILLS, in cases o AGUE AND FEVER, when taken with quinine, are productive of the most happy results. No better cathartic can be used preparatory to or after taking quinine. We would advi-e all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequalled.

Vallie Moore, fell between the two rear cars while the train was running very rapidly and was instantly killed. His foot slipped while going down the ladder on the end of one of the bex-ears, causing him to fall. Two wheels of the conductor's car ran diagoing one of his legs in several places. A brakeman was standing near by at the time, but was unable to render any assistance. The train was stopped as soon as possible, and the body picked up and brought to this city. Mr. Moore had been employed upon been a faithful workman.

He was promoted several years ago from the flames of a burning car. His remains reached this city about 9 o'elock, and were conveyed to his father's residence (Mr. J C. Moore), on Eighth and Stockton streets He was twenty-live years of age, resided in Richmond, and had been married about

three years. The wife of the unfortunate man was completely overcome with grief upon hearng the sad intelligence of his sudden death Coroner Ingram viewed the body, but deemed an inquest unnecessary. The funeral will take place from the Meade-Memorial church this morning at 10 'clock.

The Lash.—George Humphrey, a colored over the converge for the converge fo Mayor's Court yesterday morning for stealing \$3.96 from George Barton (colored), and was ordered to receive twenty lashes. The stripes were soon administered by Captain Lipscomb, who told the amateur thief to go and sin no more. Upon leaving the stationhouse Humphrey expressed regret at not receiving the advice earlier.

Brief Items .- The grades in the colored public schools of this city will not be changed this session. All of the schools are

expected to reopen Monday. To-day is the day for the Convention to assemble and nominate candidates for the House of Delegates from this district. The Corvention will be held at the Chesterfield Courthouse. Delegates from Goochland, Powhatan, and Chesterfield counties, and from the city of Manchester, will be in attendance.

The protracted meeting at the Methodist church still goes on, and the interest in the meetings continues to increase. There were several penitents Tuesday night. The pic-nic of the Broadrock Sunday school will take place to-day. Commonwealth's-Attorney B. A. Hancock, of Ches-

terfield, is expected to deliver a Sundayschool address. Several large ponds within the city limits, which have for some time proved to be great nuisances, have been entirely drained during the last few days.

To-morrow night is the regular musicale night at Beethoven Hall. An interesting programme will be presented. Dr. A. Monteiro, of this city, is stump ing several counties in defence of the Mc-Culloch settlement. He spoke at Albemarle

Work at the Government stone-sheds be-

to stop next month. A number of the operatives who were employed there have left for various northern cities. Five gum-buckets for the Hook-and-Ladder Company have been purchased and fixed on the truck ready for use. From present indications there will be a

lively time at the Chesterfield Convention If the fines were collected which were re cently imposed upon the members of the City Council for absenting themselves from the meetings there would be a slight increase in the city finances.

The city jail is at present without an inmate. Not long ago there was a boarder in every cell. Considerable improvement is being made at Maury Cemetery by Superintendent Perdue. Several fine monuments have been erected there lately.
